

Objective: Deliver the parcels to their destination in the shortest time

Controls: Use the arrow keys to move the truck

Truck capacity: Your truck can carry up to 10 parcels

Goods: The number on the parcel shows how much space it occupies on your truck, and the color indicates which destination it should be delivered to

Destination: The color on the pin should match the goods on your truck. The pin shows the time you have to make the delivery. Miss this deadline and suffer a penalty

Time used: The time you took to make the deliveries is shown on the top left side. Passing through an area with a traffic jam takes double the time.

Fuel used: Your truck will consume more fuel carrying more goods and passing through traffic jammed areas.

Coffee break: Earn bonus points without costing additional time when having a coffee break
